

PURSUIITS

Outdoor Adventure Trips

Pursuits provides single and multi-day co-ed adventure trips that include mountaineering, rock-climbing, canyoneering, kayaking, backpacking, cycling, trekking, cultural excursions, international adventure, and service oriented trips. Pursuits also offers all-inclusive custom adventure trips like guided treks in the Himalayas and float trips through the Amazon rainforest. Pursuits trips are for young adults or families looking for a recharge, a healthy and sober adventure, or simply a once-in-a-lifetime experience.

evoke

Our trips provide incredible adventures that inspire participants to apply greater vision and goals to their lives. Trips are attended by both the inexperienced and experienced. All participants discover greater self-confidence, personal insight, and a deeper understanding of their own personal journey. Pursuits trips include an extensive risk management focus with daily process groups and education in communication and leadership skills.

Our guides have extensive experience, are certified as Wilderness First Responders, and hold current certifications in the applicable skills being taught on the adventure trip. Some of these regularly taught skills include:

- Rappelling
- Rock-climbing & canyoneering
- Leave no trace principles
- Wilderness first aid
- CPR certification
- Rescue skills

Pursuits offers both scheduled and custom trips for individuals, families, and groups. For a detailed list of upcoming trips please visit our website at evoketherapy.com/pursuits or call 866.411.6600 for more information.
